

QUALITY & ENVIRONMENTAL POLICY STATEMENT

4 Forces Security Ltd provides security services that includes manned guarding, key holding and alarm response services to industrial and commercial factories, general office buildings, commercial construction sites, education and health premises, and also retail and commercial distribution warehouses.

The company recognises that in order to achieve continued success it has to maintain a quality culture throughout the organisation and therefore are fully committed to BS EN ISO 9001:2008 and the SIA Approved Contractor Scheme. We also recognise that even though our activities have minimal adverse impact on the environment we have a duty to protect it wherever we can and therefore we also commit ourselves to BS EN ISO 14001:2004.

We underpin our commitment to these standards by adopting the following working practices in all that we do:

- Continual Improvement of all systems and practices
- Reduction of all forms of pollution
- Adherence to ISO 9001 and ISO 14001 including associated British Standards
- Compliance with the requirements of our Client, relevant governing bodies and all regulations and legislation applicable to our business
- Achievement and enhancement of Customer Satisfaction

We will establish and set relevant quality and environmental objectives at all levels and review these at regular intervals.

I as Managing Director take full responsibility to ensure this policy is communicated via effective training and its understanding verified during internal audits

Managing Director
Kanwar Sharma
